IN NORTH TOPEKA

Stream of Autos, Three Deep,
on Kansas Avenue.

Two Small Accidents Result of Traffic Rush.

North Topeka thinks it needs a traffic officer. All day Thursday an almost unbroken procession of automobiles passed down Kansas avenue, bound for the fair grounds. One on-looker counted nearly 200 of the machines in less than an hour. Two and three deep, they swept down the thoroughfare, making crossing at corners a risky business for pedestrians. Once over the river, the myriad of vehicles scattered, taking their own methods of reaching the grounds, relieving the stress of traffic materially.

Two motor accidents occurred at the intersection of Gordon street, Central avenue and Kansas avenue. No one was injured and little damage was done to the machines.

Joseph Feiderling of Elmont and N. B. Emerson have some fine specimens of white corn and squaw corn on display at the Citizens State bank.

A visitor at the Big Tree Fair, who has for years been a perpetual sight-seer at the Milwaukee fair, said in a North Topeka paper that the showing of hogs at the Kansas fair surpassed any he had ever seen in Wisconsin.

Notes and Personals.

The store of H. H. Blair, which was damaged by fire, has closed business, pending repairs.

Mr. and Mrs. Frank Painter, of Wamego, are visiting J. F. Rice and attending the fair.

G. S. Murphy and B. G. Williams, of Havensville, are in Topeka during fair week.

Charles Swike of Havensville is in to see the fair.

Mrs. Marce of Lewistown, is visiting in Topeka while the fair is in progress.

Fred Bigelow, of Leonardville, is visiting with J. F. Rice and attending the fair.

Judge Blair and many other of Potawatomi county's officials are attending the fair.

Mrs. John Taylor of Page, and her two children, are visiting Mrs. Ida Worbois, 323 Van Buren street.

Mrs. M. A. More, formerly of Pleasant Place, has recently moved to 1423 North Tyler.

Earl Wendell of Elmont is visiting the fair.

Ike Hayes of Silver Lake is in to see the fair.

M. S. Hummer of Elmont is in to the fair. He is on his way back from Kansas City where he has been on business.

W. A. Luthy of Silver Lake is in to attend the fair.

L. S. Hunter of Elmont is visiting the fair.

A. W. Jackson and P. N. Holcomb of Elmont are attending the fair.

Mr. and Mrs. B. E. Pool have returned from a two weeks' trip to Colorado and western Kansas.

Grant Greaser and C. E. Greaser of Rossville are down to the fair.

Glen Fridly, George W. Ausherman, John Duffey and John Curry, all of Elmont, are visiting the fair.

Lafe Fanning and H. G. Barrett of Grantville are attending the fair.

M. A. Hutchinson of Kiro, a former representative of Shawnee county, is visiting the Big Tree Fair.

Mr. and Mrs. F. E. Greaser of Atkinson, Ill., will arrive Saturday for a visit with their sons, E. S. Greaser and J. C. Greaser.

A. J. Owen of Kilmer and E. Nixon of Hoyt are attending the fair.

The funeral of Scott Carr will be held Saturday at 2:30 o'clock in the home of his sons, Lee Carr, Garfield Place, North Kansas avenue, it is announced.

ESCAPE 16-INCH SHELL

Narrowly Misses Woman and Children
—Weeks Cottage.

Washington, Sept. 15.—How a sixteen-inch solid steel shell tore straight thru a home near the government testing grounds at Indian Head, Maryland, passing thru the room adjoining that in which were a woman and three daughters, was reported to Washington today. It was the first sixteen-inch shell ever fired in the United States.

Salting from the mouth of the first sixteen-inch gun ever set up in this country to be tested, the shell tore thru a thick section of tough armor plate, thence thru a huge bank of sand, tilting upward as a result of this resistance, described a mile-long arc thru the air.

Mrs. Mary Swann had just finished preparing the midday meal for her husband, William O. Swann—one of the men handling the gun. Her two smallest children had followed her into the dining room, joining her 18-year-old daughter. There was a terrific roar and crash. The house shook. When she recovered from her fright Mrs. Swann went into the kitchen. There were great gaping holes in opposite walls. Outside the house lay the huge mass of steel, still hot. This was about three weeks ago. Indian Head is only fifty-four miles from Washington, but is almost as isolated as a desert town.

The gun has been fired several times since without accident. It is said this is not the first instance at Indian Head of a big shell penetrating the armor at which it was shot and ricocheting off the testing grounds.

MARSHALL STUMP TRIP

Vice President Is Scheduled for Half Dozen Speeches.

Chicago, Sept. 15.—Vice President Marshall, Democratic candidate for reelection, will open his western campaign in Illinois, October 2, according to an announcement today at Democratic headquarters. Marshall's itinerary was announced as follows:

October 2 and 3—Illinois.
October 4 and 5—Wisconsin.
October 6 and 7—Iowa.
October 9 and 10—Nebraska.
October 11, 12 and 13—Missouri.
October 14—Kentucky.

TO MEET VILLA FORCE

Trevino Sends Troops South—Bandit Moving on Villa Ahumada.

El Paso, Tex., Sept. 15.—Pancho Villa and his 400 followers are advancing on Villa Ahumada, according to persistent reports here. It is said that he has overcome a detachment of de facto troops which had been

sent to meet him by Gen. Jacinto Trevino, commander of the varanista troops in the state of Chihuahua.

More than 500 infantry with four cannons have been sent south from Juarez to Villa Ahumada on instructions from General Trevino, who fears that Villa will cut the railroad there.

According to the military authorities at the Juarez cuartel, all the troops garrisoned between Juarez and Villa Ahumada have been concentrated at the latter place.

Warning has been received at General Bell's headquarters here that bandit raiders are in the vicinity of Presidio, Tex. Two hundred bandits are said to have been located near Lago de Jaco, eighty miles southeast of Ojinaga, which is opposite Presidio. The identity of the band is unknown.

WHO BLOCKED IT?

Senate Will Probe Defeat of
Blacklist Retaliation.

Investigation To Be Called
Soon After Election Day.

Washington, Sept. 15.—As soon after the election as members of the senate special lobby committee can reach Washington, a meeting will be called to investigate the subject of foreign influences in preventing legislation by the last congress intended to protect American interests.

Senator Overman, of North Carolina, chairman of the special committee, in a letter to his colleagues that arrived today, made this announcement.

It was stated today that Secretary Lansing will be quizzed at length by this committee for the purpose of determining whether or not the cause of heart on the part of the administration toward retaliatory amendments to the revenue bill that were rejected in conference.

Lansing Used Influence.

It was said today that Mr. Lansing either went personally to the capitol the night before the conference agreed, or called Democratic members of the conference committee on the telephone and told them emphatically that the Chamberlain and Phelan amendments must be rejected.

As whatever communication may have been passed between the state department and representatives of foreign governments had a direct bearing upon pending legislation, an investigating committee will probably be not inclined to consider it as privileged.

They will demand full information that a report may be made to the senate showing whether or not the action of the conference was influenced by the department thru pressure from the British office or thru the interference of foreign diplomats direct with members of congress.

Senators interested in pressing this retaliatory legislation are busily engaged in the gathering of evidence to submit to the committee.

URGES RETURN TO JOBS

Kansas Miners' Leader Advises Them to Resume Work.

Pittsburg, Kan., Sept. 15.—District office of the United Mine Workers today are sending to the local unions a circular letter containing a telegram from Alexander Howat, district president at Kansas City, advising all miners to return to work pending the making of a district contract at Kansas City. None of the mine whistles blew last night for work today.

Working on State Contracts.

Kansas City, Sept. 15.—With the interstate contract formally ratified and signed, negotiations between the coal miners and operators of Missouri, Kansas, Oklahoma and Arkansas turned today to the formulation of the individual contracts for districts 14, 11 and 25 of the United Mine Workers of America. Miners and operators representing the Kansas district were in session today going over the preliminary steps. The sessions for the other states probably will not start until next Monday. It was said by operators today.

**Quickest Way to
Remove Pimples**

Wonderful Rapidity of Stuart's Calcium Wafters in Cleansing Through the Blood and Removing Impurities.

Send for a Free Trial.

The way Stuart's Calcium Wafters get busy in the blood is astonishing. In about three minutes after entering the blood stream the principal

active agent, Calcium sulphide, appears in the perspiration and other eliminative processes. This means that it has converted impurities into a substance for quick weeding out.

Fresh, red, pure blood begins to reform the skin, overcoming all pimples, boils, blotches, tetters, eczema, blackheads, rough oily skin, liver spots and other skin eruptions. If you are now using creams, lotions and other useless applications in a vain hope to improve and beautify your face, neck, shoulders and arms with the lovely complexion you ought to have, try Stuart's Calcium Wafters and be sure of the results you are longing for. You can get them in any drug store at 50c a box. Try them today or send coupon for a free trial package.

HIT MIDDLEMAN

Livestock Men Aim to Benefit
Producer and Consumer.

Public Is Determined to Prevent
Price Fluctuations.

Denver, Sept. 15.—Better prices for the stock grower and lower prices for the ultimate consumer are two of the matters to be considered by the American Livestock association meeting, beginning today. Members of the executive and market committees and Louis D. Hunt, special representative of the department of agriculture, are attending the sessions. Others who arrived last night to attend the hearing include Dwight B. Heard, Phoenix, Ariz., president of the association; Walter L. Fisher, former secretary of the interior; E. L. Burke of Omaha, vice chairman of the market committee; I. T. Pryor of San Antonio, Edward Lassiter of Amarillo.

A. E. De Riquies of Denver, one of the executive committee, declared the association, sought an investigation by the federal trade commission of livestock marketing.

"It is not only the settled plan of the stock growers," he said, "but the general public is determined to have remedies applied for the violent price fluctuations. Only the packing interests have ever questioned the propriety of such a movement."

BRITISH LOSE 2,000

Renewal of Terrific Fighting in Mesopotamia Is Reported.

London, Sept. 15.—Renewal of heavy fighting in Mesopotamia, with the British on the offensive, is reported in a delayed official statement issued at Constantinople on September 14. The British are said to have lost 2,000 men in one engagement.

BETTER TRAIN SERVICE

Harris Man, Here for Fair, Tells Need of His District.

G. E. Troutwine of the Harris, Kan., Commercial, spent a few days here for the state fair. While here he made

the State Journal a visit and looked over the building.

Mr. Troutwine is a great believer in good railroad service. He, like a lot of other people from that section of the state, did not know how badly they need better train service on the Missouri Pacific branch. It is the opinion of all the people that if the trains on that road were reversed on the time table it would be a great help to that country besides giving them good service to Topeka.

**To Prevent Old Age
Coming too Soon!**

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such products. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little 'Anuric.'" says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little "Anuric" from your nearest druggist and you will quickly notice the grand results. You will find it thirty-seven times more potent than lithia, and that it dissolves uric acid as hot water does sugar.—Advertisement.

To Make Skin Clear

Don't worry about skin troubles. You can have a clear, clean complexion by using a little Zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

Zemo, Cleveland.—Advertisement.

**Hopes Women Will
Adopt This Habit
As Well As Men**

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of nervous and ten yards of bowels the preface" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten fards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable chance in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.
